

# Digital Scholarship @ Bucknell

Library & Information Technology invites you to join us for an exciting series of events, speakers, and workshops during the fall semester. Many of these events are hands-on, and designed to help you explore new ways in which you can take advantage of Bucknell's digital initiatives. For more information about individual events including contact and registration information, please go to: <http://dsc.bucknell.edu>

### How Did They Make That?

brownbags deconstruct “best-of-breed” course assignments using the latest digital technologies.

**New Horizons** lunch series provides opportunities, through peer-sharing and outside speakers, for faculty to look at the possibilities technology and the library may bring to their teaching and research.

**Sandbox!** events offer hands-on “speed dating” experimentation with tools and platforms. Beer, wine, and light refreshments served.

**Building Your Professional Online Identity** sessions help faculty and staff establish and maintain professional websites, CVs, and online publication profiles.\*

**Faculty Working Groups** support peer-learning and project development using digital methods.

**For events marked (\*), space is limited. Reservations are appreciated. Please RSVP to:** [lit-events@bucknell.edu](mailto:lit-events@bucknell.edu)

### Work Wednesdays!

Every Wednesday in the Digital Scholarship Center from 9am to 5pm members of the Digital Pedagogy & Scholarship team will be on hand to consult about research projects and courses and meet with faculty and students for class assignments. Stop by! No appointments necessary.
